

# Capability Statement

November 2021

## About Us

TLM Civil are a Sydney based civil construction company servicing NSW. Established in 2016 with over 30 years experience, we have established ourselves as a leading company for quality, safety and efficiency. In the field our staff adopt a “can do” attitude and always operate with safety at our core with the ability to still deliver complex projects to the highest standards and within time frames.

# Services

## Stormwater Drainage

TLM are highly experienced in the installation of stormwater drainage, from small projects to complex high profile civil construction sites. We have the capability to install all size pipes, in-situ and pre cast pits, SQID's and GPT's all to R11 specifications.

## Bulk and Detailed Excavation Works

With our fleet of excavators and dump trucks plus a wealth of experience of excavation TLM have built a reputation to our clients as the go to company for all earthworks.

## Plant and Labour Hire

At TLM we only buy the best equipment in its class and maintain it meticulously. With the entire fleet to a tier 1 standard we can offer our machines at competitive rates to our clients statewide with a full range of attachments available.

We also have a vastly experienced team of operators, pipe layers and labourers to help you out on your project.

## Intelligent Transport Systems (ITS)

TLM has the capacity to deliver communication pits and pipes statewide.

## Subdivisions

TLM has the capacity to deliver full subdivision civil works packages, from detailed excavations, drainage, ITS and bulk earth works.

# Our Fleet

At TLM our fleet of equipment is our pride and joy. With excavators ranging from:

- 1.7 to 35 tonnes
- Dumpers from 6 to 30 tonne
- Tipper trucks from 2 to 10 tonne

Our fleet is modern, efficient and ever changing. With a range of attachments and the most up to date excavation technology on board including GPS and proximity sensors.

Our fleet is operated by experienced and reliable operators, with a broad skill set, well versed in the challenges of the Sydney civil market. Always performing to the highest safety and quality standards.
